He run 30 kilometres per hour. His favourite thing is shrike hamburger. His birthday is 20 February. He is wild. He works in London. He guards vault. He is very funny. He has got long ears. He has got sharp teeth. He has got long feet. He has got an excellent smell.

## The vampire bat

It live in Central and South America.

It sleep in a cave by day and it wake for the night.

In night the vampire bat looking for food.

When the vampire bat find a animal lands on its back.

It cuts a small hole in the animal's leg.

Then it drinks the blood.

The animal doesn't feel anything, so it doesn't wake up.

Before morning the bat flies back to its cave.

# VAMPIRE BAT
